Section 31-0010 Purpose

The purpose of this title is to specify the requirements for notifying the public of certain permit actions and providing an opportunity for the public to participate in those permit actions.

Section 31-0020 Applicability

This title applies to permit actions requiring public notice as specified in OAR 340 division 218, 245, and LRAPA title 37.

Section 31-0030 Public Notice Categories and Timing

(1) LRAPA categorizes permit actions according to potential environmental and public health significance and the degree to which LRAPA has discretion for implementing the applicable regulations. Category I is for permit actions with low environmental and public health significance so they have less public notice and opportunity for public participation. Category IV is for permit actions with potentially high environmental and public health significance so they have the greatest level of public notice and opportunity for participation.

(2) Permit actions are assigned to specific categories in OAR 340, division 218, 245 and LRAPA title 37. If a permit action is uncategorized, the permit action will be processed under Category III.

(3) The following describes the public notice or participation requirements for each category:

(a) Category I -- No prior public notice or opportunity for participation. However, LRAPA will maintain a list of all permit actions processed under Category I and make the list available for public review.

(b) Category II -- LRAPA will provide public notice of the proposed permit action and a minimum of 30 days to submit written comments.

(c) Category III -- LRAPA will provide public notice of the proposed permit action and a minimum of 35 days to submit written comments. LRAPA will provide a minimum of 30 days notice for a hearing, if one is scheduled. LRAPA will schedule a hearing at a reasonable time and place to allow interested persons to submit oral or written comments if:

   (A) LRAPA determines that a hearing is necessary; or
(B) Within 35 days of the mailing of the public notice, LRAPA receives written requests from ten persons, or from an organization representing at least ten persons, for a hearing.

(d) Category IV -- Once an application is considered complete under 37-0040, LRAPA will:

(A) Provide notice of the completed application and requested permit action; and

(B) Schedule an informational meeting within the community where the facility will be or is located and provide public notice at least 14 days before the meeting. During the meeting, LRAPA will describe the requested permit action and accept comments from the public. LRAPA will consider any information gathered in this process in its drafting of the proposed permit, but will not maintain an official record of the meeting and will not provide a written response to the comments;

(C) Once a draft permit is completed, provide public notice of the proposed permit and a minimum of 40 days to submit written comments; and

(D) Schedule a public hearing at a reasonable time and place to allow interested persons to submit oral or written comments and provide a minimum of 30 days public notice for the hearing.

(4) Except for actions regarding LRAPA Title V Operating Permits, LRAPA may move a permit action to a higher category under subsection (3) based on, but not limited to the following factors:

(a) Anticipated public interest in the facility;

(b) Compliance and enforcement history of the facility or owner;

(c) Potential for significant environmental or public harm due to location or type of facility; or

(d) Federal requirements.

Section 31-0070 Hearing Procedures

When a public hearing is required or requested, LRAPA will provide the hearing at a reasonable place and time before taking the final permit action.

(1) Notice of the hearing may be given either in the notice accompanying the proposed or draft permit action or in such other manner as is reasonably calculated to inform interested persons. LRAPA will provide notice of the hearing at least 30 days before the hearing.
(2) Presiding Officer. A Presiding Officer will preside over the public hearing and ensure that proper procedures are followed to allow for the public to comment on the proposed permit action.

(a) Before accepting oral or written comments by members of the public, the Presiding Officer or LRAPA representative will present a summary of the proposed permit action and the LRAPA's preliminary decision. During this period, there may be an opportunity to ask questions about the proposed or draft permit action.

(b) The Presiding Officer will then provide an opportunity for interested persons to submit oral or written comments regarding the proposed permit action. Interested persons are encouraged to submit written comments because time constraints may be imposed, depending on the level of participation. While public comment is being accepted, discussion of the proposed or draft permit action will not be allowed.

(c) After the public hearing, the Presiding Officer will prepare a report of the hearing that includes the date and time of the hearing, the permit action, names of persons attending the hearing, written comments, and a summary of the oral comments. The Presiding Officer's report will be entered into the permit action record.

Section 31-0080 Issuance or Denial of a Permit

(1) Following the public comment period and public hearing, if one is held, LRAPA will take action upon the matter as expeditiously as possible. Before taking such action, LRAPA will prepare a written response to separately address each substantial, distinct issue raised during the comment period and during the hearing record.

(2) LRAPA will make a record of the public comments, including the names and affiliation of persons who commented, and the issues raised during the public participation process. The public comment records may be in summary form rather than a verbatim transcript. The public comment records are available to the public.

(3) The applicant may submit a written response to any comments submitted by the public within 10 working days after the LRAPA provides the applicant with a copy of the written comments received by LRAPA. LRAPA will consider the applicant's response in making a final decision.
(4) After considering the comments, LRAPA may adopt or modify the provisions requested in the permit application.

(5) Issuance of permit: LRAPA will promptly notify the applicant in writing of the final action as provided in 14-140 and will include a copy of the permit. If the permit conditions are different from those contained in the proposed permit, the notification will identify the affected conditions and include the reasons for the changes.

(6) Denial of a permit: LRAPA will promptly notify the applicant in writing of the final action as provided in 14-140. If LRAPA denies a permit application, the notification will include the reasons for the denial.

(7) LRAPA’s decision under subsections (4) and (5) is effective 20 days from the date of service of the notice unless, within that time, LRAPA receives a request for a hearing from the applicant. The request for a hearing must be in writing and state the grounds for the request. The hearing will be conducted as a contested case hearing in accordance with ORS 183.413 through 183.470 and LRAPA title 31.
